Dear Geoff

Request Under the Official Information Act

I wish to make a request under the Official Information Act with regard to the recently announced seven roading projects of "national significance." These are:

- Puhoi to Wellsford - SH1
- Completion of the Auckland Western Ring Route - SH20/16/18
- Auckland Victoria Park bottleneck - SH1
- Waikato Expressway - SH1
- Tauranga Eastern Corridor - SH2
- Wellington Northern Corridor (Levin to Wellington) - SH1
- Christchurch motorway projects

Can you please supply me with the benefit cost ratios for all seven of these projects, together with supporting calculations and assumptions. For the SH20 extension at Waterview, please include the BCRs for the tunneled and non-tunneled options.

Can you also please supply me with NZTA's forecasts for the future price of petrol and diesel over the next five years.

I'm happy to receive these documents in either hard copy or electronic formats. Please contact me if you require any clarification in connection with this request.

Yours sincerely,

Cameron Pitches
